

Compact aluminium construction
Folding mechanism without guide rails
No jamming, no soiling
Especially easy to install
Stylish design

REMIstyle

Variable folding shower door

 **REMI**

REMIstyle

The folding miracle

REMIstyle is the variable folding shower door in a modern design, unsurpassed through the high level of convenience it offers in respect of use and care.

Convenience that works perfectly

The REMIstyle shower door has no guide rails at top or bottom. The folding door is mounted on a rail at the side with hinges. The special advantages thereof: no tiresome getting caught or jamming and above all no unhygienic soiling. The lightweight frame (aluminium) permits the door to be mounted in almost every shower cubicle.

The plastic screens of the door elements are enclosed with a silicone seal. The special guiding mechanism and the solid click-in closure system provide optimal protection against splashing and spraying.

Colours

Frame	Plastic corner pieces	Screens
 silver-anodized (E6 / EV1)	 black	 transparent, impala pattern
 or bronze-anodized (E6 / C33)	 or bronze	 bronze, impala pattern
 or coated white (RAL 9016)	 or white	

Installation – quick and easy

For REMIS the quality of its products includes not only the ease with which they can be operated but also the simple manner in which they can be installed! REMIstyle is supplied complete with wall and closure sections. The door can be mounted to open to the right or to the left. The lateral rail is mounted on the wall with 4 screws and the shower door is then simply slid in, aligned and screwed up. Job done!

Dimensions

REMIstyle has a standard height of 175 cm. When mounted before the wall, the frame does not count when calculating the opening dimensions!

Between-wall installation		Before-wall installation	
Opening dimensions (cm)	size to be ordered (cm)	Opening dimensions (cm)	size to be ordered (cm)
52,8 to 55	54 x 175	50,2 or less	54 x 175
62,8 to 65	64 x 175	60,2 or less	64 x 175
72,8 to 75	74 x 175	70,2 or less	74 x 175

REMIS: A relaxed start to the holiday!

Often it is the small details that make a holiday still more enjoyable, for example when one has retrofitted a shower door that can be operated and cleaned particularly easily. Play safe – travel with REMIS.
