

# Premium Drop-Down Corner Steady

The Premium Drop-Down Corner Steady is the latest addition to AL-KO's extensive range of caravan and trailer accessories. Its multi positioning, double locking pin swivel design and positive direct gear drive ensure that this is one of the most versatile corner steadies available. It also comes complete with its own mounting bracket that can be welded to the chassis. As standard it is fitted with the AL-KO Big Foot™ for extra stability and safety.

## Features and Benefits:

- Positive gear drive
- Multi-positional
- Twin locking pin
- Incorporates Big Foot™
- Comes complete with mounting bracket and fittings
- Easy-grip pin release
- Designed for easy access from side of van
- Mounting options enable greater ground clearance for vans
- Zinc plated
- Suits 14" to 16" wheels
- Available in 590mm and 740mm

Part No	Description	Surface Finish	Length
654859	Drop down corner steady with Big Foot™ fitted	Zinc Plated	590mm
654874	Drop down corner steady with Big Foot™ fitted	Zinc Plated	740mm

## Big Foot™

This new corner steady from AL-KO Australia comes complete with the AL-KO Big Foot™, an accessory designed to add extra stability to caravans on any surface. This unique product provides the corner steady with a flat load-bearing surface, which is ideal when parking the caravan on soft ground. This means that there is no longer a need to carry around pieces of wood to put under the corner steady. In addition, the AL-KO Big Foot™ is cleverly designed to ensure that it stays still, even when the caravan moves, protecting it from damage due to abrasion.

With the AL-KO Big Foot™ attached to this fantastic new product, the problems associated with steadying your caravan on soft ground will be a thing of the past.
