**Subject: CHANGE TO CENTRE BOLT LOCATION ON
DACROMET® SLIPPER SPRINGS**

Issue Date: April 2017

Please be advised that there has been a change to the AL-KO Dacromet® Slipper Spring centre bolt position.

The eye to centre bolt position has increased by 20mm from 310mm to 330mm. All other spring dimensions remain the same.

New part numbers for springs with the 330mm centre bolt location are shown below. (with a 'T' added to the end of the previous part number).

Part Number for one spring	Capacity for two springs	Description	Eye to Tail Length	New eye to centre bolt (B)
584563DT	600kg	45mmx6mm - 3 leaf	765mm	330mm
584564DT	900kg	45mmx6mm - 4 leaf	765mm	330mm
584565DT	1000kg	45mmx6mm - 5 leaf	765mm	330mm
584566DT	1200kg	45mmx6mm - 6 leaf	765mm	330mm
584567DT	1350kg	45mmx6mm - 7 leaf	765mm	330mm
584569DT	1600kg	45mmx6mm - 9 leaf	765mm	330mm
